

Wolves

One Direction

I hear them calling for you
I hear them calling for you I feel the waves getting started
It's a rush inside I can't control
Your eyes keep pulling me in
I know, I know, I know
Your friends all talking 'bout me
They say I got no chance at all
Your fire is burning deep
In my soul, my soul, my soul I ain't up for debating
Ain't enough for the taking
You got the world shaking
In the middle of the night when the wolves come out
Headed straight for your heart like a bullet in the dark
One by one, I gotta take them down
But you run and hide, ain't goin' down without a fight
I hear them calling for you
I hear them calling
In the middle of the night when the wolves come out
Headed straight for your heart
They come straight for your heart
I hear them calling for you
I hear them calling for you I keep on holding tight now
Cause your body's telling me don't let go
We're gonna be starting up trouble
I know, I know, I know
It's bringing my demons out
More than ever down
Your beauty could start a war
As you walk in the door
I ain't up for debating
Ain't enough for the taking
We got the world shaking In the middle of the night when the wolves come out
Headed straight for your heart
Like a bullet in the dark
One by one, I gotta take them down
But you run and hide, ain't goin' down without a fight
I hear them calling for you
I hear them calling
In the middle of the night when the wolves come out
Headed straight for your heart
They come straight for your heart
I hear them calling for you

I hear them calling for you I wish it wasn't true
But the whole world's tryna get a piece of you
And my heart keeps fighting in this battle of fools
Gotta make it through, gotta make it through In the middle of the night when the wolves come
out

Headed straight for your heart
Like a bullet in the dark
One by one, I try to take them down
But you run and hide, ain't going down without a fight
I hear them calling for you
I hear them calling
In the middle of the night when the wolves come out
Headed straight for your heart
They come straight for your heart
I hear them calling for you
I hear them calling for you
