Tryna get away but none of them are gon' last
Lotta talking never watching where they tongue at
I run tracks and I don't even run laps
Once I hop in this bitch they look at me like oh shit it's him again
'Cause I stay cooking up like a chemist is
They know it now but I always knew I been this sick, yeah
Man that's all a bunch of bullshit

Fuck peace, talking, I ain't tryna be a buddhist
Fuck that I'ma just snap on some new shit

Do my thing how I want I'm in love with it
Sick of everybody sleeping now they slumped as shit
But this me man it's time for me to run this shit

Wake up

Sooner or later they gonna love me now Nowadays everyone asking me questions
Like: How is this shit going on with your records?
