## BENEE

Everyone else has left now  
I bet that disc got you stressed out  
Wondering, what can we do now? Baby let it burn out  
Where I can't feel my face  
Hmm, minds twisted in weird ways  
Wondering, what can we do now?  
Baby let it burn out Glitter sparkling on your heart  
Now, darling, wont you stay?  
I'm here wondering what to say  
All good, then we err'ing I know it's getting late now, baby  
Maybe you should stay here with me  
Let's just make it our own party  
Stick together like Glitter, Glitter, Glitter, Glitter  
Race against the sunlight  
Wanna have a long night  
Night mysteries, tight mysteries  
Under spotlight  
Don't let me out of your sight  
Two energies, two energies Glitter sparkling on your heart  
Now, darling, wont you stay? (ooh)  
I'm here wondering what to say  
All good, then we err'ing I know it's getting late now, baby  
Maybe you should stay here with me  
Let's just make it our own party  
Stick together like Glitter, Glitter, Glitter, Glitter  
I know it's getting late now, baby (late now!)  
Maybe you should stay here with me  
Let's just make it our own party (party!)  
Stick together like Glitter, Glitter, Glitter, Glitter  
Everyone else has left now  
I bet that disc got you stressed out  
Wondering what can we do now?  
Baby let it burn out
