

# Lento

## Rudy Mancuso

I really need to get out of head  
But I just keep replaying what she said  
I don't like the pressure  
I'm just gonna stay in bed  
The wheels gotta turn that's what they say  
I'm laying here alone and that's okay  
I'm just below the moonlight  
Floating over Monterrey Sometimes I get so lazy  
Sometimes I go so slow  
Sometimes I act so crazy  
Sometimes I feel so low I'm feeling so lento lento lento  
I'm feeling so lento lento lento  
They say you're number one  
Gotta run gotta run  
But I'm just having fun  
Having fun, having fun  
You tell a better story  
When time's moving slowly  
If there's something I'll never do  
Then it's rushing to be with you  
Don't think it's a crime  
I'm taking my time  
And there's nothing to do 'Cause.  
Sometimes I get so lazy  
Sometimes I go so slow  
Sometimes I act so crazy  
Sometimes I feel so low  
I'm feeling so lento lento lento  
I'm feeling so lento lento lento I'm feeling so lento lento lento  
I'm feeling so lento lento lento
