

X-Ray

Carbon Leaf

Heidi's chasing rabbits, Max is chasing cars
It's summer, it's summer, I cut through the neighbors' yards
New seat, new pads, knobbies, chromium alloy, Max
It's summer, it's summer, it's summer on riverwood One more time, everywhere
I used to live there
I used to live there
And now I'm having fires
Out in the garden
Out in the summer sun
And the best is yet to come I got some X-Ray goggles and an X-Ray gun
I didn't see your thing but I sure would've stung for you
I lost my money to the back of a magazine
X-Ray goggles and an X-Ray gun
I spy everyone
I used to ride my bike
My dog by my side
(Good girl) So, box derby car, cardboard fighter plane
..., painting flames all over everything
Jumping from the pier and river on the skin
And lightning bugs, and locusts shells, its summer, summer never ends One more time,
everywhere
I used to live there
I used to live there
And now I'm having fires
Out in the garden
Out in the summer sun
And the best is yet to come
I got some X-Ray goggles and an X-Ray gun
I didn't see your thing but I sure would've stung when
I lost my money to the back of a magazine
X-Ray goggles and an X-Ray gun
I spy everyone I used to ride my bike
My dog by my side
(Good girl) X-Ray goggles and an X-Ray gun
I spy everyone
X-Ray goggles and an X-Ray gun
I spy everyone
I used to live there (I used to live there) (4x)
I used to ride my bike
My dog by my side
I used to ride my bike
My new dog by my side

(Good boy)
