## Lil Uzi Vert

Can't nobody touch my swag  
Can't nobody touch my swag  
Can't nobody touch my swag  
Can't nobody touch my swag  
Baby your time's up now, I gotta go  
Why you hating on my gang? Yeah, I gotta know  
Boy you know you're so rough, baby, rock my show  
Yeah these diamonds on my rock, nigga yeah I'm rockin' gold  
Let you know, I'ma let you know  
You can't keep up close, diamonds they so froze  
Water like a boat  
Spanish girl named Rosa, and she from the coast  
She know I'm a soldier, girl, I'll let you know  
I'ma let you know  
Diamonds they so froze, water like a boat  
Spanish girl named Rosa, and she from the coast, yeah  
Prolly on your poster, get that guap just like I'm posin'  
Get that that just like I  
I'ma let you know, you can't keep up close  
Diamonds they so froze (yeah!), water like a boat  
Spanish girl named Rosa, and she from the coast  
She know I'm a soldier, girl I'll let you know  
I done let you know, diamonds they so froze, water like a boat  
Spanish girl named Rosa, and she from the coast  
Prolly on your poster, get that guap just like I'm posin'  
Get that that just like I  
80k a show, 100k a show (alright)  
Why my neck so frozen? Why my Rollie golden?  
Walking with my .40, and my money showing  
Walking with that stunned AP, my money ain't foldin  
Boy I am not slow, you hate on the low  
You was still at home, I was on the road  
Know that I'm a dog, I'm bad to the bone  
Dior my cologne, smoking gas it's strong  
Leave me alone, stop calling my phone  
Already know what you're thinking lil baby, girl, oh I know  
She said "Uzi baby, they ain't got no dough"  
Why you're so dope? Yeah, you already know  
Let you know, I'ma let you know, you can't keep up close  
Diamonds they so froze, water like a boat  
Spanish girl named Rosa, and she from the coast  
She know I'm a soldier, girl, I'll let you know  
I done let you know, diamonds they so froze, water like a boat

Spanish girl named Rosa, and she from the coast  
Prolly on your poster, get that guap just like I'm posin'

Stevie Wonder, Ray Charles, yeah, don't you see that?  
Pockets giant just like Andre [?] 3stacks  
I get money, fuck your bitch, stay real, ooh, that's three facts  
Diamonds on my fist, my wrist, my grill, ooh, I mean that  
Made your girl swallow my dick like a pill, ooh, don't relapse  
She keeps stalking on my phone, think this thing's tapped  
Diamonds all up on my pinky, think this thing's tapped  
I do not fuck with these niggas, man I mean that  
Woah, money envelope  
I was just so broke, I didn't have hope  
Now I'll let you know, I'ma let you know, you can't keep up close  
Diamonds they so froze, water like a boat  
Spanish girl named Rosa, and she from the coast  
She know I'm a soldier, girl, I'll let you know  
I done let you know, diamonds they so froze, water like a boat  
Spanish girl named Rosa, and she from the coast, yeah  
Prolly on your poster, get that guap just like I'm posin'  
Get that thot just like I Can't nobody touch my swag  
Can't nobody touch my swag (yeah!)
