

# Chase the Sun (feat. Kelli-Leigh)

**Hardwell & Dannic**

I just wanna chase the sun  
Forget everything I've become  
Let go of all these chains and run Yeah, I just wanna chase the sun Chase the Sun Chase the  
Sun Hold on I can feel it getting closer  
Hold on can you feel it coming,  
oh!  
Hold on cause I feel it coming over  
Hold on I can feel it I just wanna chase the sun  
Forget everything I've become  
Let go of all these chains and run  
Yeah, I just wanna chase the sun Chase the Sun  
I just wanna chase the sun  
Forget everything I've become  
Let go of all these chains and run  
Yeah, I just wanna chase the sun
