March On

Good Charlotte

Don't cry, open up your eyes and know There's someone else out there that feels this wayI'm singing to you Cause I know what you've been through and now It's not so long ago I felt the sameLike soldiers, march on If we can make it through tonight we'll see the sun March on, march onAnd I remember summer nights alone The fireflies the only thing we own Yeah, all we had were dreams of California And I remember winters were so cold Hunger was the only thing we know And rock'n'roll dreamin' was what saved us Like soldiers, march on If we can make it through tonight we'll see the sun March on, march onTill we see the sun, march on, till we see the sun Through the good times, through the bad times Through the long days, through the hard nights Keep on, till we see the sunLike soldiers, march on If we can make it through tonight we'll see the sun March on, march on Like soldiers, march on If we can make it through tonight we'll see the sun March on, march onEven when there's no one there for you march on Even when the days are long for you march on And like soldiers, march on
