

Things Are Looking Up

R5

You were a business
I was a startup
You were like high speed
I was a dial up
I needed caffeine
You were a Starbucks
A Starbucks
(A double shot)
You were a record
I was a remix
You were the sunshine
I was a raincheck
You needed time, but
You were my Rolex,
My Rolex
(my rolley)
I couldn't get it right
'Till you opened up my eyes
You turned my whole world upside down.

Things are looking up
Things are looking up
I couldn't find the star in the sky
But now that I found us
Things are looking up
(Even when I'm down)
Had about enough
(Looking at the ground)
I couldn't find the star in the sky
But now that I found us
Things are looking up
You were a diamond
I was a coal mine
You were a freeway
I was a stop sign
I was a paycheck
You're like a gold mine,
A gold mine
(Money, honey)
I couldn't get it right

'Till you opened up my eyes
You turned my whole world upside down.

Things are looking up
Things are looking up
I couldn't find the star in the sky
Now that I found us
Things are looking up
(Even when I'm down)
Had about enough
(Looking at the ground)
I couldn't find the star in the sky
Now that I found us
Things are looking up
I've been up and I've been down
Girl you make my whole world go 'round
There's nothing like the high I found
Things Are Looking Up
Things Are Looking Up
I've been up and I've been down
Girl you make my whole world go 'round
It's nothing like the high I found
Things Are Looking Up
Things Are Looking Up
Things are looking up
Things are looking up
I couldn't find the star in the sky
Now that I found us
Things are looking up
(Even when I'm down)
Had about enough
(Looking at the ground)
I couldn't find the star in the sky
Now that I found us
Things are looking up
