

In Your Arms

Medina

Silence is filling me up
I tried so many times to reach you
But nothing is ever enough
Still I'm tryna get through Cause the distance is filling me
Have this thrills killing me
Caught up in the change of your love Holding on to memories
Don't wanna be in between
I'm lost without you I just wanna be in your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe
In your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe Silence is filling me up
Feels like I'm drowning in the water
But nothing is ever enough
Am I crossing the border Cause the distance is filling me
Have this thrills killing me
Caught up in the change of your love Holding on to memories
Don't wanna be in between I'm lost without you I just wanna be in your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe
In your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe I just wanna be in your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe In your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe I just wanna be in your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe In your arms
I only wanna feel safe
Been waiting for eternity
Cause all I wanna do is feel safe
