

# Afire Love

Ed Sheeran

Things were all good yesterday  
And then the devil took your memory  
And if you fell to your death today  
I hope that heaven is your resting place  
I heard the doctors put your chest in pain  
But then that could have been the medicine  
And now you're lying in the bed again  
Either way I'll cry with the rest of them  
My father told me, son  
It's not his fault he doesn't know your face  
You're not the only one  
Although my grandma used to say  
He used to sing  
Darlin' hold me in your arms  
The way you did last night  
And we'll die inside  
For a little while here oh I could look into your eyes  
Until the sun comes up  
And we're wrapped in light and life and love  
Put your open lips on mine  
And slowly let them shut  
For they're designed to be together oh  
With your body next to mine  
Our hearts will beat as one  
And we set alight  
We're afire love Love, love  
Things were all good yesterday  
Then the devil took your breath away  
Now we're left here in the pain  
Black suit black tie standing in the rain  
And now my family is one again  
Stapled together with the strangers and a friend  
Came to my mind I should paint it with a pen  
Six years old I remember when  
My father told me, son  
It's not his fault he doesn't know your face  
You're not the only one  
Although my grandma used to say  
He used to sing Darlin' hold me in your arms  
The way you did last night  
And we'll die inside  
For a little while here oh I could look into your eyes  
Until the sun comes up  
And we're wrapped in light and life and love

Put your open lips on mine  
And slowly let them shut  
For they're designed to be together oh  
With your body next to mine  
Our hearts will beat as one  
And we're set alight  
We're afire loveLove, loveSee the love, the love, the love, the love  
See the love, the love, the love, the love  
See the love, the love, the love, the loveMy father and all of my family  
Rise from their seats to sing hallelujah  
And my mother and all of my family  
Rise from their seats to say hallelujah  
And my brother and all of my family  
Rise from their seats to sing hallelujah  
(To my brother and my sister, yeah, ah)  
My father and all of my family  
Rise from their seats to sing  
HallelujahTo the love, the love, the love, the love  
To the love, the love, the love, the love  
To the love, the love, the love, the love
