[Intro]

Ear Drummers

Mike WiLL Made-It[Chorus: The Weeknd]

I'm not tryna tell you bedtime stories  
I'm not like those other niggas talkin' to you  
I'm not lookin' at you, I'm lookin' right through you  
Said I'm not like those other niggas that pursue you  
You know, tell me you know  
Tell me you know, tell me you know  
Tell me you know, tell me you know  
Tell me you know, tell me you know, yeah

[Verse 1: Swae Lee]

Oh, girl, stop that right there  
Fallin' in love, not your worst nightmare  
Oh, girl, can't stop that right there  
Fallin' in love, not your worst nightmare  
Go ahead and say it  
You feel every word that I'm sayin'  
Hundred somethin' thousand on the table  
I ain't mean to throw it in your face  
I don't wanna play those games  
I'm not tryna hide my pain  
Nigga say he's ballin', I'm like same, same, same, same  
She love a different nigga every day

[Chorus: The Weeknd & Slim Jxmmi]

I'm not tryna tell you bedtime stories  
I'm not like those other niggas talkin' to you  
I'm not lookin' at you, I'm lookin' right through you  
Said I'm not like those other niggas that pursue you  
You know, tell me you know  
Tell me you know  
Tell me you know, tell me you know  
Tell me you know  
Tell me you know, tell me you know  
Tell me you know  
Tell me you know, tell me you know, yeah  
Jxm! Ayy[Verse 2: Slim Jxmmi]

You tell me lies, you tell me lies and I'ma listen  
You outta your mind and I'm a witness  
I'm diggin' your vibe, I'm diggin' your vision  
And in the night, we do no kissin', ayy  
I can come, but I can't stay

Just put that love on layaway  
It's always you I put in first place  
It's always you I put in first place  
But ayy, girl, you can stop right there  
Fallin' in love is my worst nightmare  
I'm like ayy, girl, you can stop right there  
Fallin' in love is my worst nightmare, Jxm! [Chorus: The Weeknd]  
I'm not tryna tell you bedtime stories  
I'm not like those other niggas talkin' to you  
I'm not lookin' at you, I'm lookin' right through you  
Said I'm not like those other niggas that pursue you  
You know, tell me you know  
Tell me you know, tell me you know  
Tell me you know, tell me you know  
Tell me you know, tell me you know, yeah [Verse 3: Swae Lee]  
Oh, girl, you can stop that right there  
Fallin' in love, not your worst nightmare  
Hitting me with that cold stare  
Sayin', Can you help me take these down?  
Talkin' 'bout your box braids  
Five minutes later I'm takin' you down  
Now you're callin' my name  
Thinkin' of me when you're out and about  
Ooh, pray for your crew  
Pray for your crew, make 'em salute  
Watch how I move, cash comin' through  
Watch what you do and what you choose [Chorus: The Weeknd]  
I'm not tryna tell you bedtime stories  
I'm not like those other niggas talkin' to you  
I'm not lookin' at you, I'm lookin' right through you  
Said I'm not like those other niggas that pursue you  
You know, tell me you know  
Tell me you know, tell me you know  
Tell me you know, tell me you know  
Tell me you know, tell me you know, yeah
