

Come Back Down (feat. Benji Madden)

TJR

I don't ever want to come back Forever
And ever
Forever
And ever
Don't come down
I don't ever want feel you leave my veins
Don't come down
I don't ever want to see the sun again
I don't ever want to wake up
I don't ever want to be that way
I don't ever want to wake up
I don't ever want to come back down
I don't ever want to come back down Forever
And ever
Forever
And ever
Don't come down
I don't ever want feel you leave my veins
Don't come down
I don't ever want to see the sun again
I don't ever want to wake up
I don't ever want to be that way
I don't ever want to wake up
I don't ever want to come back down
(Down, down, down down, down, down down...) I don't ever want to come back down
I don't ever want to come back-
