Not Like That

Ashley Tisdale

I feel oh so glamorous, looking super fabulous
Sometimes I'm insecure, something I can't ignore
All the flashing cameras, try my best to handle it
I'm just the girl next door, I can hear the rumors take all...All the girls in the club got their eyes
on me

I can tell by the look that they want to be

Be hot, hot, hot like that

But it's not, not like that

All the girls in the club got their eyes on me

They put me down 'cause of jealousy

But I'm not, not, not that girl

And it's not, not my worldSo many girls be checkin' my style

Checkin' my style, checkin' my style

So many girls be checkin' my style

But I don't even care, no

I move in mysterious, ways that got them curious They're looking at what I'm wearingStanding on the sidelines staring

Taking every chance I get

To find who I'm going with

I just wish they'd see, what I'm like in real lifeAll the girls in the club got their eyes on me

I can tell by the look that they want to be

Be hot, hot, hot like that

But it's not, not like that

All the girls in the club got their eyes on me

They put me down 'cause of jealousy

But I'm not, not, not that girl

And it's not, not my worldSo many girls be checkin' my style

Checkin' my style, checkin' my style

So many girls be checkin' my style

But I don't even care, no

What's good I'm weak no longer

In life it's making me stronger

in the it's making me stronger

What I like I'm a get that

Like a quick cat, no I won't quit that, you heard me

You'll find that I'm just like you

And I do the same things you do

The type of chick that hits spots, in my flip-flops

Listening to Hip-Hop, you feel me yeahAll the girls in the club got their eyes on me

I can tell by the look that they want to be

Be hot, hot, hot like that

But it's not, not like that

All the girls in the club got their eyes on me

They put me down 'cause of jealousy
But I'm not, not, not that girl
And it's not, not, not my world
