Tell All the World About You (Single Version)

[Ray Charles](#)

When I need company
I call on you to see about me
I wanna walk about it, talk about it
Tell all the world about you, tell the world about youWhen you're with me there's so much fun
You're all the good things all wrapped in one
I wanna walk about it, talk about it
Tell all the world about you, tell the world about youWoah, I wanna walk, walk about
I wanna talk, talk about
I wanna tell, wanna tell the world all about you
Ohh, I wanna live, just for you
I'm gonna give, love so true
We'll have a love, we'll have a love that's fine and newOhh, you're so fine and you're so sweet
You're better at love than a K.B.B
I wanna walk about it, talk about it
Tell all the world about you, tell the world about youWoah, I wanna walk, walk about
I wanna talk, talk about
I wanna tell, wanna tell the world all about youOhh, I gonna live, just for you
I'm gonna give, love so true
We'll have a love, we'll have a love that's fine and new
Ohh, you're so fine and you're so sweet
