

Magnify

We Are Messengers

I've been trying to make sense
of the sorrow that I feel
Holding on for life to the
only thing that's real I've only scratched the surface
I've barely had a taste
But just a glimpse draws
my heart to change
And one side of you lays
my sin to waste
I don't need to see everything
Just more of you Take it all take it all away
Magnify no other name
Open up open up my eyes
To you
Take it all take it all away
Magnify no other name
Open up open up my eyes
To you My sight is incomplete
and I made you look small
I've been staring at my
problems for way too long
Realign where my hope it set
Until you're all that's left But just a glimpse draws my heart to change
And one side of you
lays my sin to waste
I don't need to see everything
Just more of you
Take it all take it all away
Magnify no other name
Open up open up my eyes
To you Take it all take it all away
Magnify no other name
Open up open up my eyes
To you God be greater than
the worries in my life
Be stronger than the
weakness in my mind
Be louder let your
glory come alive
Be magnified God be greater than
the worries in my life
Be stronger than the

weakness in my mind
Be louder let your
glory come alive
Be magnified Be magnified Take it all take it all away
Magnify no other name
Open up open up my eyes
To you Open up my eyes
Take it all take it all away
Magnify no other name
Open up open up my eyes
To you To you
