

# Feel Good (feat. Daya) [Acoustic]

## Gryffin & Illenium

Yeah I doubt I doubt myself  
And I'm too proud to ask for help  
When you see me beside myself  
I don't have to explain it, baby  
Yeah I'm over picking fights  
And trying to mend it with the high  
Don't wanna know that I'm not right  
I know that I've been lately, lately  
Yeah, sometimes I need someone to pick you up  
Overdose my mind with the things I love  
You can take me there  
When my heart beats, when my heart beats free  
Take my hand in the middle of a crisis  
Pull me close show me baby where the light is  
I was scared of a heart I couldn't silenced  
But you make me you make me feel good I like it  
Take my hand in the middle of a crisis  
Pull me close show me baby where the light is  
I was scared of a heart I couldn't silenced  
But you make me you make me feel good I like it  
But you make me you make me feel good  
Yeah I get over-overwhelmed  
When all these problems burn like hell  
Maybe I just need a friend  
Who never calls me crazy, crazy  
You pull me off the front line before I run  
Keep me cool but not get overdone  
You can take me there  
When my heart speaks, when my heart speaks free  
Take my hand in the middle of a crisis  
Pull me close show me baby where the light is  
I was scared of a heart I couldn't silenced  
But you make me you make me feel good I like it  
Take my hand in the middle of a crisis  
Pull me close show me baby where the light is  
I was scared of a heart I couldn't silenced  
But you make me you make me feel good I like it  
But you make me you make me feel good I like it  
You make me you make me feel good  
Taking the weights off  
To help with the pressure  
And I was here stressing

Thinking it mattered  
Been with you for hours but it feels like seconds  
It takes me moments and I'm in heaven  
It takes me moments and I'm in heaven oh  
You make me feel good  
You make me feel good  
You make me you make me feel good I like it  
Take my hand in the middle of a crisis  
Pull me close show me baby where the light is  
I was scared of a heart I couldn't silenced  
But you make me you make me feel good I like it
