

# Everything

Jill Phillips

Her heart was racing to sounds  
Of dreams she'd never known  
But her perfect was not their perfect plan  
Just a way to let go  
They held each others hands  
To try to suddenly display  
That they love her and will miss her  
If she goes away  
But the words were buried too deep for them to say  
But she couldn't stay  
She couldn't stay cause They gave her everything  
She gives him everything  
Yeah everything  
And I love him more  
And he will be waiting  
So sure as the promise he had made  
The words were intoxicating  
And singing and remembering  
As the smell of a room \* begins to fade  
But the words were buried too deep  
For her do we own \*  
And she wouldn't mourn \*  
She wouldn't mourn \* cause They gave her everything  
She gives him everything  
Yeah everything  
Could I love you more  
If I gave you everything Now it is night and love \* is off  
With my love he still needed to go  
I couldn't write all there is  
With my love but I know  
I gave him everything  
They gave me everything  
Yeah everything  
And I love him more They gave me everything  
I gave him everything  
Yeah everything  
And I love him more
