English Translation

Hit me harder Make me strong
Just go on the path that's been decided for you
That's how you live wisely
Live quietly
Those damn words, whose life is that for?
Burn me up
I won't budge, I will endure
So hit me harder
It's your hand that'll get hurt
Look at me
Even if I trip and fall
I'll get up again
That's me
Watch carefully
The more I get chipped and broken
I'm a rock that'll get harder and stronger
This world is so overwhelming that it's hard to handle
This world is especially crueler to me
Everyone has turned against me
Laughing at me, I was in pain
Don't try to trap me
In a world that withers and falls
I don't care if I'm wrong
Because this life is mine
Look at me
Even if I trip and fall
I'll get up again
That's me
Watch carefully
The more I get chipped and broken
I'm a rock that'll get harder and stronger
No matter what anyone says, it's my way
It's my only way
So I'll put in my all
Keep walking
I'll keep going
Even if I crash and fall
I'll get up again and walk
Some day
I'll stand at the end of this road
And shout out loud
Till my voice explodes
