

# For You (DJ Koze Club Instrumental)

Michael Mayer & Joe Goddard

I was workin' so hard to make it  
On a special day  
A walk in the park would make it  
I forgot to take the time  
Snowblind, it's true It's for you  
Better wake up  
It's for you  
Try not to break up  
It's for you  
I keep walking  
It's for you  
Lift my force an see  
It's for you  
Better wake up  
It's for you  
Try not to break up  
It's for you  
I keep walking  
It's for you  
Lift my force an see It's for you It's for you I was drivin' so hard to get there  
The room began shaking  
The lines were supposed to follow  
They bound me up  
So tight(uuhuuuhuhun)  
There's a part of me  
I don't like to talk about All i will  
I'll hang on  
For you(woohooowoo) It's for you  
Better wake up  
It's for you  
Try not to break up  
It's for you  
I keep walking  
It's for you  
Lift my force and see It's for you
