

Stay (feat. La Trec)

Sash!

I had a dream last night
You were there
You held my hand so tight
I thought I'd just die
Do you remember
When we use to have so much fun
I used to cry sometimes
Those days are gone
Do you remember? I wanna go back to
Back to the days
When I needed
A little more fun
When I believed I
I believed I
Could fly so high
Through the clouds
Tear down these walls
If just for one day
Tear down these walls
I need you to stay
Stay! Come on and stay
Stay
Stay Turning back time to
Times we made love
All day
Under the sun
When I believed I
I believed I
Could fly so high
Through the clouds
Tear down these walls
If just for one day
Tear down these walls
I need you to stay
Stay! Come on and stay
Stay
Stay I had a dream last night...
