

I Didn't Know I'd Love You So Much

Alexa Vega & Anthony Stewart Head

Dad, be still
There is nothing you need say
It can wait
Shi, your mother's calling me Sometimes I wanted to cry
When the people on TV were not quite the way we were
Somehow I guess I just knew But I didn't know I'd love you so much
I didn't know I'd love you so much
I didn't know I'd love you so much but I do
Sometimes I'd stay up all night
Wishing to God that I was the one who died
Sometimes there's not enough time But I didn't know I'd love you so much
I didn't know I'd love you so much
I didn't know I'd love you so much but I do I didn't know I'd love you so much
I didn't know I'd love you so much
I didn't know I'd love you so much
But I do Shilo, go
Dad, I will not leave you here
You will live
But you've already saved me, dear
Now go and change the world for me
And we will always have each other
In our time of need Shilo, you're the world to me
Daddy, you're the world to me
