

# You Put a Move On My Heart (feat. Tamia)

Quincy Jones

Baby I just want you to understand Just exactly how you make me feel Oooh yeah I wanna feel  
you next to me Ooooh... time after time, when I'm feelin low Somethin inside of me let's me  
know it's alright Loves on my side When the world... seems a lonely place I've got a dream that  
won't leave a trace of the blues I just think of you baby I know I've got a real thing here by my  
side Someone who needs me holding me tight And these special feelings won't ever fade Cause I  
knew from the start you put a move on my heart Baby our loves like a melody playing for us  
In the sweetest key you could find the music of life And when we touch there's the warmest  
glow Heat in the passion that heaven knows it's a dream Just for you, you and me... and baby I  
know I've got a real thing the love of my life Someone who needs me and he feels me with  
pride Baby now, now and forever, we'll never part Cause you're the world to me you put a move  
on my heart I got a real love yes I do, and you're someone baby You're someone baby, someone  
that needs true love And these, these special feelings, time can embrace Baby, believe me this  
ain't a dream and suger I knew, I knew from the start, you put a move on me Oooh you got  
through to my heart You got through to my heart babe oooh Baby can't you see, you and I were  
meant to be Hold me, love me passionately blind, love me til the end of time  
Hold me, love me (and don't love go) Baby can't you see, you and I were meant to be (I want you  
to touch me babe) passionately blind Love me til the end of time, hold me love me oooh I want  
you right here, right now, laying by my side sugar thrill me tonight I wanna feel you in my arms  
ohh babe ohhh and u know I love when your lovin me Mm come closer I wanna feel your body  
pressed against mine Mm that's right Ooh
