

# Enemy Fire

Bea Miller

Oh, Oh, Oh  
Oh, Oh, Oh  
Oh, Oh, Oh  
Enemy Fire! Who's a friend, who's an enemy  
Because sometimes it looks the same to me  
But looks can be pleasing, yet so deceiving  
Sweet words from a serpents tongue  
Its like playing with a loaded gun  
Who knows what truth is  
How do you prove it  
I swear I see you watching me, well  
Oh, Oh, Oh  
Come a little closer  
Oh, Oh, Oh  
You can be my solider  
Oh, Oh, Oh  
Keeping me save from all who conspire  
Enemy Fire!  
Oh, Oh, Oh  
I'm looking for some shelter  
Oh, Oh, Oh  
From the helter skelter  
Oh, Oh, Oh  
Just keep me away from all who conspire  
Enemy Fire!  
Oh, Oh, Oh  
Oh, Oh, Oh  
Oh, Oh, Oh  
Enemy Fire!  
Enemy Fire!  
Burn a hole through the plastic crowd  
Because I've been trying to find the way out  
Its so confusing but never amusing  
Sweet smiles in the aftermath  
Turn and whispering behind my back  
I need an ally to guard the nighttime  
Someone to keep me from these crazies Oh, Oh, Oh  
Come a little closer  
Oh, Oh, Oh  
You can be my solider  
Oh, Oh, Oh  
Keeping me save from all who conspire

Enemy Fire!  
Oh, Oh, Oh  
I'm looking for some shelter  
Oh, Oh, Oh  
From the helter skelter  
Oh, Oh, Oh  
Just keep me away from all who conspire  
Enemy Fire!  
Oh, Oh, Oh  
Oh, Oh, Oh  
Oh, Oh, Oh  
Enemy Fire!  
Enemy Fire! All around me I here cries  
And bones are falling from the skies  
Can't you help me save that life Oh, Oh, Oh  
Come a little closer  
Oh, Oh, Oh  
You can be my solider  
Oh, Oh, Oh  
Keeping me save from all who conspire  
Enemy Fire!  
Oh, Oh, Oh  
I'm looking for some shelter  
Oh, Oh, Oh  
From the helter skelter  
Oh, Oh, Oh  
Just keep me away from all who conspire  
Enemy Fire!  
Oh, Oh, Oh  
Oh, Oh, Oh  
Oh, Oh, Oh  
Enemy Fire!  
Enemy Fire!
