

Hit Me Like a Drum (feat. Timothy Auld)

Parov Stelar

Your lust is gone
What did you lose?
Nothing at all
Lights off drinks up
I'll take you away
To someplace new
Yeah
And I know you've heard it all before
Leave your questions at the door
We don't care who else is there
No time to sit around and cry
Take me hand and let us fly
Next thing you know we're out the door
Oh, I wanna dance with you
And sail through the sun
Lie on fluffy clouds
While we sip on bottled rum
Oh, I wanna dance
Have some syncopated fun
I'll be there before my lady
Just to hear me and my drum
And I know you've heard it all before
Leave your questions at the door
We don't care who else is there
No time to sit around and cry
Take me hand and let us fly
Next thing you know we're out the door
Oh, I wanna dance with you
And sail through the sun
Lie on fluffy clouds
While we sip on bottled rum
Oh, I wanna dance
Have some syncopated fun
I'll be there before my lady
Just to hear me and my drum
Let's run off and
We'll go chase our fairytales
They don't need to come
You, me, and our fairytales
Your soul and my drum
Oh, I wanna dance with you
And sail through the sun
Lie on fluffy clouds
While we sip on bottled rum
Oh, I wanna dance
Have some syncopated fun
I'll be there before my lady
Just to hear me and my drum
I'll won't die before I'm 80
Just to hear me and my drum
Oh, I wanna dance with you

And sail through the sun
Lie on fluffy clouds
While we sip on bottled rum
Oh, I wanna dance
Have some syncopated fun
I'll be there before my lady
Just to hear me and my drum Oh, I wanna dance with you
And sail through the sun
Lie on fluffy clouds
While we sip on bottled rum
Oh, I wanna dance
Have some syncopated fun
I'll be there before my lady
Just to hear me and my drum
