

Lonely People (feat. James Morrison)

iLL BLU

When you feel alone and need someone
Do you think that you're the only one?
Do you? Do you?
Tears are falling in the dark,
Do you listen to your beating heart?
Do you? Do you?
'Cause I see this space that we've been on
All you have to do is turn around
'Cause I see this space that we've been on
I see this space that we've been on
I see this space that we've been on
I see this space that we've been on
and you know what I'm saying
We're just lonely people, people people
We're just lonely people, people people
We're just lonely people, looking for somebody to love
But you know what I'm saying We can be alone
We can be alone
We can be alone together We can be alone
We can be alone
We can be alone together
Naturally, I'm out of touch
Don't be scared to feel too much,
Don't go, don't go
Yeah, I can't watch you break and bend
Heart ain't just your only friend
You know, you know
'Cause I see this space that we've been on
All you have to do is turn around
'Cause I see this space that we've been on
All you have to do is turn around
'Cause I see this space that we've been on
I see this space that we've been on
I see this space that we've been on
I see this space that we've been on
and you know what I'm saying We're just lonely people, people people
We're just lonely people, people people
We're just lonely people, looking for somebody to love
But you know what I'm saying We can be alone
We can be alone
We can be alone together We're just lonely people We're just lonely people, looking for
somebody to love

And if you feel what I'm feeling, take it
Further, let's go deeper, it's only you & me here tonight
And there's a truth that we can make it! We're just lonely people, people people
We're just lonely people, people people
We're just lonely people, looking for somebody to love
And if you feel what I'm feeling, just take it We can be alone together.
