

# Gorgeous

## Gene Loves Jezebel

In this town where I'm from  
There's not a lot of things going on  
You've got to use a little imagination  
To get along So you go to a bar  
And you talk to your friends  
About girls and cars  
And even though you're bored  
They'll only go this far You're so gorgeous, baby  
You're so gorgeous, save me  
You're so gorgeous, baby  
Yes you are  
You hear a song, you spin around  
And you laugh as your feet hit the ground  
You feel like a celebration  
This time around So you go to a bar  
And you talk to your friends  
About girls and cars  
And even though you're bored  
They'll only go this far You're so gorgeous, baby  
You're so gorgeous, save me  
You're so gorgeous, baby  
Yes you are You're so gorgeous, baby  
You're so gorgeous, save me  
You're so gorgeous, baby  
Yes you are  
You need a lover, oh yes you do  
You need a lover, nothing else is true  
You need a lover, I need you  
You need a lover  
You'd make the dead dance too You're so gorgeous, baby  
You're so gorgeous, save me  
You're so gorgeous, baby  
Yes you are You're so gorgeous, baby  
You're so gorgeous, save me  
You're so gorgeous, baby  
Yes you are I need you, you need me  
I need you, yes it's true, it's true You're so gorgeous, baby  
You're so gorgeous, save me  
You're so gorgeous, baby  
Yes you are
