

# You Found Me (feat. tobyMac)

[Israel Houghton](#)

You found me, You found me  
Once I was lost but now I'm found  
You loved me, You loved me  
You broke the chains that held me down You healed me, You healed me  
Once I was blind but now I see  
You freed me, You freed me  
With what You did at Calvary  
Thank You for the cross You are stronger than sin, You're the cure for my disease  
You are more than enough, more than enough for me  
Your grace has made a way for me to say what I believe  
I am found, I am loved, I am healed  
I am free, I am free  
You found me, You found me  
Once I was lost but now I'm found  
You loved me, You loved me  
You broke the chains that held me down You healed me, You healed me  
Once I was blind but now I see  
You freed me, You freed me  
With what You did at Calvary  
Thank You for the cross You are stronger than sin, You're the cure for my disease  
You are more than enough, more than enough for me  
Your grace has made a way for me to say what I believe  
I am found, I am loved, I am healed You are stronger than sin, You're the cure for my disease  
You are more than enough, more than enough for me  
Your grace has made a way for me to say what I believe  
I am found, I am loved, I am healed  
I am free, I am free, I am free, I am free  
Come on, well I was lost locked down in the prison of my mind  
I was blind to the ways that had me caught up in a bind  
I was bound by the shackles that were tacklin' my hope  
I was livin' like a fool who'd been given much rope Steady me, steady me 'cause I'm about to  
freak  
Steady me, steady me, it's gettin' kinda deep  
But then You crept in, stepped in with a ray of light  
One glimpse from the fence and I fell to Your side Steady me, steady me 'cause I'm about to  
freak  
Steady me, steady me, it's gettin' kinda deep  
'Cause one shot of Your grace and my space been changed  
To a clear atmosphere, it's a brand new day 'Cause I'm free baby, I'm free  
They can't take it away from me  
'Cause I'm free baby, I'm free  
They can't take it away from me No more chains holding me, I have been delivered

No more chains holding me, I am free indeed  
No more chains holding me, I have been delivered  
No more chains holding me, I am free indeed  
No more chains holding me, I have been delivered  
No more chains holding me, I am free indeed  
No more chains holding me, I have been delivered  
No more chains holding me, I am free indeed 'Cause I'm free baby, I'm free  
They can't take it away from me  
'Cause I'm free baby  
They can't take it away from me
