

# You Are So Beautiful

## Escape the Fate

I could've found a better way  
You know I never should have stayed  
I could've done the things I believed were wrong  
(You know you're wrong)  
Now you're saying that its late  
It doesn't matter what I say  
You know you're just another one of my mistakes You are so beautiful, You are the kind of girl  
that has the chemicals that makes me fall in love  
Beautiful, you are the kinda girl, that has the chemicals  
That makes me fall in love  
So now i'm feeling like a slave  
I'm locked away inside this grave  
And i'm hoping for a way I can be saved  
You know that there will come a day  
when I just have to say, you're just another one of my mistakes You are so beautiful, You are  
the kind of girl  
that has the chemicals that makes me fall in love  
Beautiful, you are the kinda girl, that has the chemicals  
That makes me fall in love  
Fall in love You know I found a small paper  
You lied about, You lied about  
You know I found a small paper  
You lied about, You lied about  
You lie to me, lie to me  
You are so beautiful, You are the kind of girl  
that has the chemicals that makes me fall in love  
Difficult, so very typical  
You are the kinda girl, that makes me fall in love, fall in love
