## You Are So Beautiful

## **Escape the Fate**

I could've found a better way
You know I never should have stayed
I could've done the things I believed were wrong
(You know you're wrong)
Now you're saying that its late
It doesn't matter what I say

You know you're just another one of my mistakesYou are so beautiful, You are the kind of girl that has the chemicals that makes me fall in love

Beautiful, you are the kinda girl, that has the chemicals

That makes me fall in love So now i'm feeling like a slave

I'm locked away inside this grave

And i'm hoping for a way I can be saved

You know that there will come a day

when I just have to say, you're just another one of my mistakesYou are so beautiful, You are the kind of girl

that has the chemicals that makes me fall in love Beautiful, you are the kinda girl, that has the chemicals

That makes me fall in love

Fall in loveYou know I found a small paper

You lied about, You lied about

You know I found a small paper

You lied about, You lied about

You lie to me, lie to me

You are so beautiful, You are the kind of girl

that has the chemicals that makes me fall in love

Difficult, so very typical

You are the kinda girl, that makes me fall in love, fall in love Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
