

Between You and Me

One Bit & Louisa

I know there's something going on between you and me
(I know)
Ooh, yeah We've been playing games that friends don't play
I know 'cause my friends don't look that way (Ooh, yeah)
If everyone left, I know you'd stay
And I know, I know it's late (Ooh, yeah) We don't even need to get naked
Some roads don't need to get taken
Already know, we're gonna hold our stare until one of us breaks it
We've been playing games that friends don't play
Between you and me
I know there's something going on between you and me
It's just so good that I don't wanna make a scene
I-I-I just wanna keep it between
Between you and me
Between you and me
Between you and me
Between you and me
I know there's something going, going, going Don't know if I'll kiss you here tonight
Whenever you're close, I feel your vibe
I'm doing things to you in my mind
Let's just see what we might find We don't even need to get naked
Some roads don't need to get taken
Already know, we're gonna hold our stare until one of us breaks it
We've been playing games that friends don't play (play, play)
Between you and me
I know there's something going on between you and me
It's just so good that I don't wanna make a scene
I-I-I just wanna keep it between
Between you and me
(Hey)
Between you and me
Between you and me
(Hey)
Between you and me
I know there's something going on between you and me It's just so good
It's just so good
Little bond between
It's just so good
Ooh, yeah
Between you and me
I-I-I-I-I, hey
It's just so good I know there's something going on between you and me

I know there's something going on between you and me
It's just so good that I don't wanna make a scene
I-I-I just wanna keep it between
Between you and me
OooooohIt's just so good
Ooh, yeah
Between you and me
(Hey)
It's just so good
I-I-I just wanna keep it between
Between you and me
Between you and me
Between you and me
I know there's something going on between you and me
You and me, yeah
I know there's something going on between you and me
