Melody Calling

The Vaccines

Oh I,

How can I go on with it much further? I didn't think that it would go any further, But now it has and it's making me nervous, A wonderful motion, That is turning in your every motion, Oh I, I think I might be losing my mind Because When I hear a melody calling, Is your melody calling? Isn't anyone calling?Oh I, I just did an undeniable order, I hear it moving under the border, Cussing the ocean, And calling in your every motion I think I might be losing my mind, When I hear a melody calling, Is your melody calling? Isn't anyone calling? When I hear a melody calling, Is your melody calling? Isn't anyone calling?
