

Hands Up

Blood Orange

Do you ever try and face yourself, goodnight

Or is it easier with a friend

Pretend your friend's enough to end

You were just a lover [?]

[?]

You're not the only one in the world

But just to see me even with all this glee

Are you okay?

What's in your way? Are you sleeping with the lights on baby?

(Hands up, get up, hands up, get up)

Keep your hood off when you're walking cause they

(Hands up, get up, hands up, get up)

Trying not to be obsessed with your heyday

(Hands up, get up, hands up, get up)

Sure enough they're gonna take your body

(Hands up, get up, hands up, get up)

Do you ever try and face yourself, goodnight

Or is it easier with a friend

Pretend your friend's enough to end

You were just a lover [?]

You're not the only one in the world

Are you sleeping with the lights on baby?

(Hands up, get up, hands up, get up)

Trying not to be obsessed with your heyday
