My Head's In Mississippi

ZZ Top

I'm shufflin' thru the Texas sand, but my head's in Mississippi. I'm shufflin' thru the Texas sand, but my head's in Mississippi. The blues has got a hold of me. I believe I'm gettin' dizzy. (Spoken: Help me now.)I keep thinkin' 'bout that night in Memphis, Lord, I thought I was in Heaven. I keep thinkin' 'bout that night in Memphis, I thought I was in Heaven. But I was stumblin' thru the parking lot of an invisible seven eleven. (Spoken: What was I doin out there?)Last night I saw a cowgirl. She was floatin' across the ceiling. And last night I saw a naked cowgirl. She was floatin' across the ceiling. She was mumblin to some howlin' wolf about some voodoo healin'. (Spoken: Mmm Baby.) Where's my head baby? Somewhere in Mississippi.
