

Silver Bullet

Hawthorne Heights

Tonight, we'll fly away so high
Our first full moon sky I'll breathe you in
I won't let you down
I won't hold you back
I won't make a sound
I know what scares you the most Being alone or just like them
Being alive while feeling so, dead
At least you'll have my heart You know, you shine so bright
I got a single silver bullet
Shot right through my heart
To prove I can survive
Without you
I got a single silver bullet
Shot right through my heart
To prove I can survive Can you sleep at night
If I hold you tight?
I won't let you go
This feels so right Please don't leave this time At least you'll have my heart
You know, you shine so bright I got a single silver bullet
Shot right through my heart
To prove I can survive
Without you I got a single silver bullet
Shot right through my heart
To prove I can survive
Without you
Tonight, we'll fly away so high
Tonight, we'll fly away
You know the moon is full and
I can't live without you Tonight, we'll fly away
Tonight, tonight
Tonight, we'll fly away
Tonight I got a single silver bullet
Shot right through my heart
To prove I can survive
Without you I got a single silver bullet
Shot right through my heart
To prove I can survive
Without you
