## We Are Messengers

Nothing can hold us back  
Nothing can tear us apart  
Not life, not death, not the in-between This is just the start  
Don't let 'em keep you down (Keep you down)  
Don't let them push you out (Push you out)  
We were made to live  
To be fierce like lions,  
love and forgive (To be fierce like lions, love and forgive) Just keep moving on  
Just keep pushing ahead  
Yeah, the new has come  
All the old is dead  
Just keep moving on  
Keep your eyes on the prize  
And that word in your heart  
Yeah, we'll be alright  
Power, power  
We've got that  
Power, power  
We've got that  
Power, power  
We've got that  
Power  
Yeah, we'll be alright Yeah, we're running out the darkness  
Chasing down the dead of night  
We're bringing hope to the streets  
There's a new way, a better life  
Only One can set the captive free (Set the captive free)  
He's bringing sight back to the blind (To the blind)  
Show the lame how to walk  
And make the dead alive  
Just keep moving on  
Just keep pushing ahead  
Yeah, the new has come  
All the old is dead  
Just keep moving on  
Keep your eyes on the prize  
And that word in your heart  
Yeah, we'll be alright Power, power  
We've got that  
Power, power
