

Knowledge of Self

BT

United we stand United we stand Get some, if you want some
Come and get some
If you want some Yeah, welcome to "The Lounge"
For jump off
Yours truly, Guru
Shut up, my man! BT on a track
Playin' like that
Comin' at you with the
New jump off, haha
Check this out
If you want some
This base is freakin' it Aye yo! I'm ready to go
Ready to go, ready to go
Ready to go, ready to go
Let my energy flow Ready to go, ready to go
Ready to go, ready to go
Let my energy flow Ready to go
Let my energy flow
Steadily bro
Scaring off the enemy, yo Progression
While I'm releasing aggression
In this rap profession
I keep other cats guessing
International player
Pure poet
More devoted
But more soul than y'all know it Voted as a spokesman
For people with dream
Feening my team
Out in front leading the scene Check this out
Knowledge of self
Check this out
Knowledge of self Don't they see the world's tired of them?
They're lying again
Got the music dying again, na Don't they see the world's tired of them?
They're lying again
Got the music dying again, na Don't they see the world's tired of them?
They're lying again
Got the music dying again, na Don't they see the world's tired of them?
They're lying again
Got the music dying again, na I can't let it go down
We can throw down

I'll meet you on the block
 And we can have a show down If you want some
 If you want some
 If you want some, want some
 If you want some So here we are in these last days
 It's grimy and nasty
 Refined is my mind
 I'm keeping some of my pathways Jerks always wanna take kindness
 For weakness
 Revealing secrets
 Knowing I be dealing deep shit It's all good
 I'm growing stronger daily
 I'm father to babies
 I bomb you crazy Got more knowledge than you can get
 From the Internet
 I spit wisdom that I get
 From introspect Don't they see the world's tired of them?
 They're lying again
 Got the music dying again, na Don't they see the world's tired of them?
 They're lying again
 Got the music dying again, na Don't they see the world's tired of them?
 They're lying again
 Got the music dying again, na I can't let it go down
 We can throw down
 I'll meet you on the block
 And we can have a show down If you want some, come and get some
 If you want some, come and get some
 If you want some, come and get some
 If you want some, come and get some If you want some, come and get some
 If you want some, come and get some
 If you want some, come and get some
 If you want some, come and get some Want if you want, want want some
 Want if you want, want want some
 If you want want want some Want want some some
 Knowledge of self
 Want some
 Want want some some
 Knowledge of self
 Want some Want want some some
 Knowledge of self
 Want some
 Want want some some
 Knowledge of self Don't they see the world's tired of them?
 They're lying again
 Got the music dying again, na
