

# We Are One

## 12 Stones

Woah,woah,  
woah,  
woah...  
We walk alone  
In the unknown  
We live to win another victory  
We are the young dying sons  
We live to change the face of history  
Don't be afraid  
It's the price we pay  
The only easy day was yesterday  
So hear our voice  
We have a choice  
It's time to face it  
We are one, we are one, we are one  
We will stand together  
Number one, number one  
The chosen onesWe are one, we are one  
We will fight forever  
We are one and we won't die young  
We are the bold  
United souls  
We live to win another victory  
Our sacred scars  
Show who we are  
They tell the story of our memories  
Don't be afraid  
It's the price we pay  
The only easy day was yesterday  
So hear our voice  
We have a choice  
It's time to face it  
We are one, we are one, we are one  
We will stand together  
Number one, number one  
The chosen onesWe are one, we are one  
We will fight forever  
We are one and we won't die young  
We walk alone  
In the unknownWe live to win another victory  
Our sacred scars  
Show who we are

We are one, we are one, we are one  
We will stand together  
Number one, number one  
The chosen ones We are one, we are one  
We will fight forever  
We are one and we won't die young  
We are one, we are one  
Number one, number one  
And we won't die young  
We are one, we are one  
Number one, number one  
And we won't die young  
Woah, woah, woah, woah
