We Are One

12 Stones

Woah, woah, woah. woah... We walk alone In the unknown We live to win another victory We are the young dying sons We live to change the face of history Don't be afraid It's the price we pay The only easy day was yesterday So hear our voice We have a choice It's time to face it We are one, we are one, we are one We will stand together Number one, number one The chosen onesWe are one, we are one We will fight forever We are one and we won't die young We are the bold United souls We live to win another victory Our sacred scars Show who we are They tell the story of our memories Don't be afraid It's the price we pay The only easy day was yesterday So hear our voice We have a choice It's time to face it We are one, we are one, we are one We will stand together Number one, number one The chosen onesWe are one, we are one We will fight forever We are one and we won't die young We walk alone In the unknownWe live to win another victory Our sacred scars

Show who we are

We are one, we are one
We will stand together
Number one, number one
The chosen onesWe are one, we are one
We will fight forever
We are one and we won't die young
We are one, we are one
Number one, number one

Number one, number one
And we won't die young
We are one, we are one
Number one, number one
And we won't die young
Woah, woah, woah
