

# How Long Blues

## Hot Tuna

How long baby, how long has that evening train been gone?  
It's been gone since that blood red sun went down  
Thought I heard a whistle and I think I see a  
train

Deep in my heart there is an aching pain  
Said how long, how long, baby how long? Well look down them tracks and feeling so bad  
Lost the best woman that a poor man ever had  
How long, well how long baby, how long? Well how long baby, how long has that evening train  
been gone?

It's been gone since that blood red sun went down  
How long baby, how long has that evening train been gone?  
It's been gone since that blood red sun went down
