## **How Long Blues**

## **Hot Tuna**

How long baby, how long has that evening train been gone? It's been gone since that blood red sun went downThought I heard a whistle and I think I see a train Deep in my heart there is an aching pain Said how long, how long, baby how long?Well look down them tracks and feeling so bad Lost the best woman that a poor man ever had How long, well how long baby, how long?Well how long baby, how long has that evening train been gone? It's been gone since that blood red sun went down How long baby, how long has that evening train been gone? It's been gone since that blood red sun went down Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
