

# Woman

Toni Braxton

I worked late but you didn't wait up  
My bones ache and I'm cleaning the place up  
Sometimes I don't even know why I care I sit down take off my make-up  
I lay down but you don't wake up  
Sometimes I wonder if you know I'm there I can't remember the last time you told me I'm  
beautiful,  
And I can't remember the last time you said anything at all  
I'm a woman A woman with a heart  
And I deserve your all  
I'm not some girl who don't know what she wants  
I'm a woman  
And I need to be touched  
And I need to be loved  
'cause being just your woman is not enough  
Now I hope that you don't wake up  
When it's too late to make up  
You'll be the one that's alone and that's so sad  
In time you'll find somebody The truth is she'll never be me  
And that's when you're going to miss what we had  
All I really needed to hear was "you're beautiful" All I really needed to hear was anything at all  
I'm a woman A woman with a heart  
And I deserve your all  
I'm not some girl who don't know what she wants  
I'm a woman  
And I need to be touched  
And I need to be loved  
'cause being just your woman is not enough I'm not your friend who only needs you sometimes  
And if I'm your lady  
You got to treat me like...  
I'm a woman  
A woman with a heart  
And I deserve your all  
I'm not some girl who don't know what she wants  
I'm a woman  
And I need to be touched  
And I need to be loved  
'cause being just your woman is not enough  
I'm a woman
