## Far Away (feat. Chris Richardson)

## **Tyga**

Walk a thousand miles

Just to see her (see her)

But she's far far away

And I'd do anything just to see her face

But she's far far awayWalk a thousand miles just to see her smile again

Sittin' on a plane

Reminiscing back when I made that mistake

I wish it never ended with a heartbreakNow your heart broken, tears in ya face

Ask myself why, looking at the sky

If I could turn back I'd make it all right

Praying that you better but its still stormy weather

Don't wanna let go but the rain wont let up

Now you gone, still thinking bout you everyday

And I know feelings was hurt and you can blame me but

I'm sorry for the games that I played

But now it's too lateAnd now she's...

Now she's far far away

And I'd do anything just to see her face

But she's far far awayWalk a thousand miles just to see her smile again

It's cold putting up a fight

Arguing back and forth through the night

Regardless what I said and I don't mean most of itYou know I really love you, this the realest

It take time to realise what you really wanna know

You was ready for it all but your feelings I ignored

I know my fault, I should've gave more

Now you're miles away and I'm miles on tour

Now it's drums playing, crowd singingLight changing, wish you was here to witness all that It starts fading

They say two wrongs don't make it rightAnd I was wrong and now it ain't right

Cause she's far far away

And I'd do anything just to see her face

But she's far far awayWalk a thousand miles just to see her smile again

Na na na nah

If I could turn back

If I could make it right

I'd do just that

If I could make it right

I'd do it all tonightHold you in my arms, with you I'd spend my life

Na na na nah

If I could turn back

If I could make it right

I'd do just that I'd do just thatIf I could turn backCause she's far far away And I'd do anything just to see her face

But she's far far away

Walk a thousand miles just to see her smile again

Na na na nah

If I could turn back

If I could make it right

I'd do just that

If I could make it right

I'd do it all tonight

Hold you in my arms, with you I'd spend my life

Na na na nah

If I could turn back

If I could make it right

I'd do just that

I'd do just that

If I could turn back
