Real (feat. Yasmin)

[Gorgon City](#)

feat Yasmin
You and I
Were so in love
Nothing could ever come between us
Now me and you
Were so confused
And now we're left in broken pieces
I know that the faster you rise is
harder you fall.
We were one
Now we dont care at all
You and I
Just can't be free
Now all I know is that we used to be real
We used to be real
We used to be real
We used to be real
You and I
Were far too young
Thought we knew what we were feeling
But me and you
We had no clue
And now we're lost and have no meaning
We know that we need to let go
It's the end of the road, dont go back
We can get by on our own.
You and I
Just can't be freed
Now allll I know is that we used to be real
We used to be real
We used to be real
We used to be real
We used to be real
We used to be so real, heeeey
Ain't no happy ending when
We're living life pretending
No answer to our questions
We are just too far gone, remember
We had everything
We were so complete
But now we're nothing like we used to be, heeey
We used to be real

We used to be real
We used to be real
We used to be real
We used to be so real
We used to be, we used to be
You and I
Were so in love
Nothing could ever come between us
Now me and you
Were so confused
And now we're left in broken pieces
I know that the faster you rise, is
the harder you fall
We were one
Now we dont care it all
You and I
Just can be free
Now all I know is that we used to be real
We used to be real
We used to be real
We used to be real
We used to be real
Oh, we used to be, we used to be
We used to be real
We used to be so real
Oh, real, real, real
We used to be real.
