

# Hey! We OK

## Never Shout Never

You see me walking through the park  
few minutes after dark  
with a cigarette in my hand  
keep it up boy you'll be dead  
I'm killing time with pandemonium smoking mist bet i'll catch pneumonia  
it's a damn cold night  
to be walking home alone  
girl for what it's worth  
I know my own worth  
it's fucking priceless baby hey hey we ok  
hey hey we ok we're who we are  
so don't you think that you can call us freaks or geeks or lame  
we walk our own way  
hey hey we ok  
hey hey we ok we're superstars  
the ones you know as total fuck ups we're proud of it  
we walk our own way  
we walk our own way I see you looking at me  
probably thinking  
what a menace to society  
don't have a job  
pays the bills with his guitar  
I'm strumming chords  
singing songs  
clap your hands  
try and sing along  
it's a catchy tune  
you just gotta learn the words  
so for what it's worth  
we know our own worth  
we're fucking priceless baby  
hey hey we ok  
hey hey we ok we're who we are  
so don't you think that you can call us freaks or geeks or lame  
we walk our own way hey hey we ok  
hey hey we ok we're superstars  
the ones you know as total fuck ups we're proud of it we walk our own way  
we walk our own way social outcasts  
total fuck ups  
turn that shit up  
we're proud of it  
we're proud of it

we're proud of it  
c'mon lose your mindhey hey we ok  
hey hey we okwe're who we are  
so don't you think that you can call us freaks or geeks or lame
