## Tommy Genesis

Sometimes I feel really aloneI make you better but you make me sad
I make you better but you make me sad
I make you better but you make me sad.
If you hurt me Imma hurt you back.
I'm a bad bitch if you notice me I swish back
Imma bad bitch if you notice me I swish back.
She is evil have you tried, beautiful silicone doll that takes everything.
Am I bad, Or am I in love,
Do I want this or am I empty
Do I fuck with it or am I lost, am I strong or am I empty.
