

Out of Love

Cinema Bizarre

As I was searching for some cookies in an empty jar
I realised some days are made to press restart
I wasn't listening you stopped asking
We watched our beauty fade away Come open sesame if I just had one wish to make
It would be that we'd meet I'd fall for you and love again
But there's no genie in a bottle where did we go wrong
So wrong Oh oh oh oh oh oooho - So much gone
Out of love
Caught in a trap
No turning back
When you are out of love
It's all said and done
And you're still holding on yet
You are out of love
Caught in a trap
No turning back
When you are out of love
It's all said and done
And you're still holding on yet
You are out of love Blackmailed emotion for a picture in a pretty frame
We were amazing but our dreams deleted in our face
I couldn't tell you when it started and where we went wrong
So wrong
Oh oh oh oh oh oooho - So much gone Out of love
Caught in a trap
No turning back
When you are out of love
It's all said and done
And you're still holding on yet
You are out of love
Caught in a trap
No turning back
When you are out of love
It's all said and done
And you're still holding on yet
You are out of love Lost poetry - so much there but none of us
Just a hologram of something that we shared Out of love Out of love
Caught in a trap
No turning back
When you are out of love
It's all said and done
And you're still holding on yet

You are out of love
Caught in a trap
No turning back
When you are out of love
It's all said and done
And you're still holding on yet
You are out of love Oh oh oh oh oh oooho - out of love
Oh oh oh oh oh oooho - out of love
