

# All That You Had

## Gentleman

Chorus:

If you did prepare for those rainy days  
You wouldn't be swept away by the storm  
If you would listen what the wise man say  
All that you had wouldn't be gone  
If you would trust into the father  
And find a few minutes to pray  
Now life seems so much harder  
I know Jah will show you the way  
Rise up and your heart it must be clean  
But if you mingle in a corruption Jah Jah nuh let you in  
I trust in the highest supreme  
Jah make I a pure as a stream  
Never will I trade my love for vanity  
Never will I be a victim of dem insanity  
All I have is love for humanity  
Come help me sing da song ya if you agree with me

Chorus  
Bridge:

Don't burn your bridges  
Don't you ever turn back and close the door  
Cause it just might be  
That you wanna use that same bridge once more  
The sun sets in the west  
Representing a new dawn  
Continue do your best and life goes on and on  
Chorus  
Nuh go be no part of dem controversy  
I know who I am and who I supposed to be  
Moving on with Jah Jah and keep him close to me  
Life over all means the most to me  
Together now - one ever now  
We can make it through any kind of weather  
Forever now - life is the treasure now  
So tell me what you prefer now
