## **Despair In the Departure Lounge**

## **Arctic Monkeys**

He's pining for her In a people carrier There might be buildings & pretty things to see like that But architecture won't doAlthough it might say a lot about the city or town I don't care what they've got, keep on turning 'em down It don't say the funny things she does Don't even try & cheer him up, because It just won't happenHe's got the feeling again This time on the aeroplane There might be tellys in the back of the seats in front But Rodney & Del won't do Although it might take your mind off the aches & the pains Laugh when he falls through the bar But you're feeling the same 'Cause she isn't there to hold your hand She won't be waiting for you when you landIt feels like she's just nowhere near You could well be out on your ear This thought comes closely followed by the fear & the thought of it Makes you feel a bit illYesterday I saw a girl who looked like someone you might knock about with & almost shouted & then reality kicked in within usIt seems as we become the winners You lose a bit of summat & half wonder if you won it at all & don't say 'owt 'cause you've got no idea & she's still nowhere near & the thought comes closely followed by the fear & the thought of it Makes you feel a bit ill Despair in the departure lounge Is one & they'll still be around at three No signal & low battery What's happened to me?
