

Porcelain

MIKA

It's hard to breathe, my knees are weak
It's a cold bath and I can't feel my feet
Porcelain, it's the state that I'm in
Hold me carefully, just one breath could shatter me 'Cause you and I, we're one of a kind
Unbreakable
How was I supposed to find
Out that I'd crumble Porcelain, porcelain
It's a small cry that is screaming inside
It's a paper cut that is bleeding me dry
Porcelain, it's the state that I'm in
Hold me carefully, just one breath could shatter me 'Cause you and I, we're one of a kind
Unbreakable
How was I supposed to find
Out that I'd crumble Porcelain, porcelain 'Cause you and I, we're one of a kind
Unbreakable
How was I supposed to find
Out that I'd crumble
Porcelain, porcelain
Porcelain, porcelain Porcelain, it's the state that I'm in
Hold me carefully, just one breath could shatter me
